National Leadership & Service

De Shann joined the NSGA Board nearly two years ago and quickly made an impact, serving on four board committees. Her commitment to service and her belief that opportunities for health, competition and community should not diminish with age are evident in her work.

WHY THIS MATTERS FOR WYOMING

De Shann’s national leadership with NSGA provides the Wyoming Senior Olympics with a direct connection to the National Senior Games movement. That perspective supports WSO’s efforts to expand the 2027 State Games in Casper and build the organizational capacity, partnerships and knowledge needed to explore bringing a National Senior Games to Wyoming in 2031.

A NATIONAL CONNECTION • A WYOMING OPPORTUNITY

WSO’s 2026 Games welcomed athletes representing 16 states. For 2027 in Casper, WSO is targeting marketing expansion into at least 20 additional states while strengthening the systems and partnerships that can support a potential 2031 National Senior Games in Wyoming.
